CURRENT POSITION

RESIDENT SCIENTIST / PHD CANDIDATE

2021-

Complexity Science Hub Vienna | Josefstädter Str. 39, 1080 Vienna (Supervisor: Dr. Edward D. Lee, Prof. Stefan Thurner)

- Discovering mesoscale for chains fo armed conflicts
- Building dynamical models to explain population-level scaling in sessile organisms
- Joint affiliation with the Department of Physics, University of Vienna (Supervisor: Prof. Christoph Dellago)

EDUCATION

MSc. in PHYSICS

2018-2020

Indian Institute of Technology (IIT) Indore | Khandwa Rd, Simrol, Madhya Pradesh 453552

- Thesis topic: "Engineering chimera and novel technique based on machine learning"
- Minor project on, "Crop classification using satellite imagery"
- Minor project on, "Credit card fraud detection"

BSc. in PHYSICS (HONS.)

2015-2018

Institute of Science-BHU | Ajagara, Varanasi, Uttar Pradesh 221005

High school diploma

2014

Atomic Energy Central School | Tarapur, India

INTERNSHIP

MASTER THESIS INTERN

2019-2020

Complex Systems Lab, IIT Indore | Khandwa Rd, Simrol, Madhya Pradesh 453552

(Supervisor: Prof. Sarika Jalan)

• Worked on my master thesis for a year

WINTER INTERN 2018

Astrophysical Sciences Division, Bhabha Atomic Research Station | Anushaktinagar, Mumbai - 400 094 (Supervisor: Mr. Bitan Ghosal)

- Main project topic: "Synchrotron emission by charged particles in a nonuniform magnetic field"
- Minor project on data analysis of radiation data from "Major Atmospheric Cerenkov Experiment Telescope"

ACHIEVEMENTS

National level exams

- Top 1% national level toppers (All India Rank=66) in National Graduate Physics Examination-2018
- All India Rank=432 in the national entrance exam for the Indian Institute of Technology in 2018

Awards

- Significant Milestone Award of the 2023 Exner Lectures in the category of PhD by The Exner Foundation
- Gold medal in National Science Olympiad conducted by All India Science Teacher's Association

PUBLICATIONS

Articles

Kushwaha, Niraj and Edward D Lee (Aug. 2023). "Discovering the mesoscale for chains of conflict". In: *PNAS Nexus* 2.7, pgad228. ISSN: 2752-6542. DOI: 10.1093/pnasnexus/pgad228.

Kushwaha, Niraj, Naveen Kumar Mendola, Saptarshi Ghosh, Ajay Deep Kachhvah, and Sarika Jalan (2021). "Machine learning assisted chimera and solitary states in networks". In: *Frontiers in Physics* 9, p. 513969.

CONFERENCES

NETSCIX 2025

Indore, India

• Gave a talk titled, "The Triangle of Madness (Using causal network to uncover types of armed conflict)".

AI FOR DEVELOPING COUNTRIES FORUM (AIFOD)

2024

Vienna, Austria

• Attended as an invited delegate.

THE GERMAN PHYSICS SOCIETY MEETING

2024

Berlin, Germany

• Gave a talk titled "Conflict Classification Using Multinomial Mixture Models and Conflict Avalanches"

CONFERENCE ON COMPLEX SYSTEMS Salvador, Brazil	2023
 Gave two talks, "From Narrative to Systematic Scales of Confli "Systematic Procedure for Extracting Causal Connections in Concades" 	
NETSCI Vienna, Austria	2023
Volunteer with the organization team.	
THE GERMAN PHYSICS SOCIETY MEETING Dresden, Germany	2023
Gave a talk titled "Population waves in sessile organisms"	
CONFERENCE ON COMPLEX SYSTEMS (CCS) Palma de Mallorca, Spain	2022
 Gave a talk titled "Multiscale causal structure in armed conflicts" Presented a poster 	,
THE GERMAN PHYSICS SOCIETY MEETING Regensburg, Germany	2022
Gave a talk titled "Multiscale causal structure in armed conflicts"	ı
CONFERENCE ON COMPLEX SYSTEMS (CCS) Online	2020
• Gave a talk titled "Machine Learning assisted Chimera states in N	etworks"
UN 75 DIALOGUE Online, India	2020
• Gave a talk at a local chapter of the UN 75 dialogues.	
HARVARD COLLEGE US-INDIA INITIATIVE Mumbai, India	2017
• Delegate	

SCHOOLS AND WORKSHOPS

UNDERSTANDING DEMOCRATIZATION AND CIVIL WAR WITH STATISTICAL PHYSICS

2025

Vienna, Austria

• Gave an invited talk titled "Common Indicators Hurt Armed Conflict Prediction"

LIPARI SCHOOL ON COMPUTATIONAL COMPLEX AND SOCIAL SYSTEMS

2023

Lipari, Italy

	OL ON COMPUTATIONAL COMPLEX	2022	
AND SOCIAL Lipari, Italy	SYSTEMS		
BIGSSS SUMI SOCIAL SCIEN Groningen, Ne		2022	
Project topic	c: "Dynamical reciprocity in office spaces"		
THE GREAT R Vienna, Austria	ESIGNATION WORKSHOP	2022	
GLOBAL INIT (GIAN) WORK Indore, India	SHOP	2018	
• Topic of wo	rkshop: "Network Science- from structure to dyn	amic"	
Articles	 The Military's Recruitment of AI Has Already Begun Forscher beobachten "Lawinen" bei Ausbreitung bewaffneter Konflikte Scientists develop method to predict the spread of armed conflicts 		
Audio/Video	 Gave a live interview at the BBC newsday ra Our paper was featured in Sabine Hossenfeld news. 		
Positions of Responsibility	 PhD representative at the Complexity Scie enna (one term) Climate counsellor appointed by the Internat 		
	 for Culture and Education at BHU (one term House captain during school (one year) House sports captain during school (one ye House prefect during school (two years) 		
Volunteering Work	 Volunteered at the Buddy Project, Vielmehr Vienna Started an NGO with college friends at BHU underprivileged kids in Varanasi 		
Select Online Courses	 "Network Dynamics of Social Behaviour" by Pennsylvania "From big bang to dark energy by Prof. rayama" by University of Tokyo 	,	
	"Social Norms, Social change" by UNICEF "Digital modia marketing" by Internshala		

• "Digital media marketing" by Internshala

MEDIA

OTHER ACTIVITIES

Model United Nations Conferences

- Attended the "BHU-Model United Nations conference, 2016"
- Attended the "Ganges model united nations, 2017"
- Attended the 'Malviya national youth parliament 2017"
